Canada's Local Ballet Company

Help us take flight!

Ballet Jörgen Canada is pleased to announce an exciting way to support Canada's Local Ballet Company!

Aeroplan has facilitated the transfer of valuable Aeroplan miles to a special account designated to Ballet Jörgen Canada. As this nation's Local Ballet Company, each season Ballet Jörgen Canada travels over 45,000 km to deliver first class professional performances, magic and inspiration. We perform an average of 120 performances to over 50,000 people from coast-to-coast-to-coast as well as substantial outreach initiatives, all at affordable prices. Every season, more than 50 different communities welcome our productions in large and small venues.

Ballet Jörgen Canada believes in making the art of ballet relevant to ordinary Canadians, wherever they live. So, please help us bring our innovative, intimate ballets to a community near you by donating Aeroplan miles today!

Your Aeroplan miles can be converted to airfare, vehicle rentals, and hotel accommodations—it's a great way to support us as we tour across North America this season..
